< TA Status Summary & Schedule >

- Site preparation is done.
- 1st mass production & assembly in JAPAN:
 - SD: completed
 - FD: in progress
- This summer,
 - About 130 SDs are deployed in Delta Desert.
 - FD assembly & observation will start at BRM.
- This year, we hopefully obtain EHE events with FD+SD hybrid method.

< TA “old” Members in Delta Desert >

We are small collaboration, but now many “young” PDs & students join us.

2003/10/28
